- For practices joining SOAP, who have used another wholesaler (other than OTN/McKesson), a 12-month purchase history report will be needed. This report should show your drug purchases for the past 12-months by drug and NDC.
- This 12-month baseline history will be added to the SOAP group numbers and will help us move toward achieving reduced invoice pricing through this new growth incentive.
- There is more information about this incentive on the News page of the Member's Only area of soaponline.org.
- **SOAP Membership Dues:**
 - \$100.00 for SOAP Membership dues July 1, 2009 - June 30, 2010.
